

FKK CAMPING KONOB E

For almost half a century now, we have been cultivating free body culture in a protected bay, only three kilometers from Punat, on sunny slopes rich with the scents of the Mediterranean!

Here, one literally lives and breathes in harmony with nature! The chirping of the birds and the sound of the waves are the first things you hear when you wake up in the morning, taking in the scents of the blossoming karst foliage and the image of the starry sky unblemished by city lights.

Due to its spectacular terraced configuration as well as untouched and preserved surroundings, this campsite offers a fascinating and unique vacation experience!

Apart from the sun, the crystal clear sea and the fragrant greenery, the Konobe Campsite offers inviting camping spaces, highly equipped washroom facilities, two restaurants, a store, as well as a number of sport and entertainment activities, always at great value.

- The campsite encompasses 1500 m of well-indented coastline and crystal clear sea. You can choose between two larger pebble beaches equipped with showers or enjoy one of the many hidden white beaches.

The largest beach in the campsite has been awarded the Blue Flag.

The coastline stretching all the way from the Konobe Campsite to Stara Baška is where the most beautiful beaches of Krk are found. This area is under special government protection due to its unique natural white beaches, extraordinary cliffs and unique landscape. The exquisite beauty of the coastline is accessible to all, if only by sea.
